

**Melanie Winzer,
Senior Director, Public Services and Procurement Canada**

Melanie Winzer (she/her), recently took on the role of Senior Director, Project Management & Project Portfolio Planning, within the Enterprise Strategic Project Management Office at Public Services and Procurement Canada. She is responsible for Benefits Realization, the Project Management Capability Maturity Model, standardizing project management service offerings to OGDs and working with other Federal, Provincial and Territory partners.

Before joining PSPC, Melanie spent four years at the Canadian Space Agency (CSA) where she was the Executive Director, Programs and Integrated Planning, the Senior Designated Official for Project Management, the Head of Performance Measurement, and the Champion for Mental Health, Wellness and Recognition. As part of her responsibilities, she led the Enterprise Project Management Office as well as Safety and Mission Assurance, Performance Measurement, Reporting and Governance functions of the CSA.

She was also a member of the International Project Management Committee for Space, which is an international committee led by NASA that ensures all space departments and agencies internationally can align their project management practices, provide learning opportunities and mentor young professionals. Melanie also brings with her significant planning, performance measurement and reporting experience gained over the last 20 years from her time at various departments and agencies, including the Canadian Institutes for Health Research (CIHR), Innovation, Science and Economic Development (ISED) and more.

Melanie has a Bachelor of Commerce Honours from the University of Ottawa and a Master of Arts in Political Science from Carleton University.
